Background

The Department received a notice of intent to participate in these sunset reviews from

¹ See *Initiation of Five-Year ("Sunset") Review*, 78 FR 46575 (August 1, 2013) (*Notice of Initiation*).

Magnum Magnetics Corporation (the domestic interested party), within the 15-day period specified in 19 CFR 351.218(d)(1)(i). The domestic interested party claimed interested party status under section 771(9)(C) of the Act as a producer of the domestic like product.

The Department received an adequate substantive response to the *Notice of Initiation* from the domestic interested party within the 30-day period specified in 19 CFR 351.218(d)(3)(i). The Department received no substantive response from any respondent interested parties. In accordance with section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department has conducted expedited (120-day) sunset reviews of the antidumping duty orders on raw flexible magnets from the People's Republic of China and Taiwan.

Scope of the Orders

The products subject to these orders are certain flexible magnets regardless of shape,² color, or packaging.³ The complete scope language of these orders is listed in the Issues and Decision Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance, dated concurrently with this notice (Issues and Decision Memorandum), which is hereby adopted by this notice. The products subject to the orders are currently classifiable principally under subheadings 8505.19.10 and 8505.19.20 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided only for convenience and customs purposes; the written description of the scope of the orders is dispositive.

Analysis of Comments Received

² The term "shape" includes, but is not limited to profiles, which are flexible magnets with a non-rectangular cross-section.

³ Packaging includes retail or specialty packaging such as digital printer cartridges.

All issues raised in these reviews are addressed in the Issues and Decision Memorandum, including the likelihood of continuation or recurrence of dumping in the event of revocation and the magnitude of dumping margins likely to prevail if the orders were revoked. Parties can find a complete discussion of all issues raised in these reviews and the corresponding recommendations in this public memorandum, which is on file electronically via IA ACCESS. IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit (CRU) in Room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.ita.doc.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.
